Johnson College

Assessment Day Survey: Enrollment Services

6 - What do you wish you knew before you enrolled at Johnson College?

Response Rate 48/389 (12.34%)

- I wish I knew how heavy the courseload would be.
- Nothing
- I wish I knew there would be more online classes than hands on. I would of went somewhere were there is more hands on learning.
- How intense my program actually was
- Who to avoid, who to befriend
- N/a
- N/A
- Basic college stuff, study habits
- How likely the rules for each program were to change.
- That a lot of the classes were going to be hard.
- n/a
- I wish i knew my first roommate better before being in a confined space with them
- I wish I knew there was an option to test out of general education courses.
- That when I graduate in December that I have to wait till May to actually walk on stage to receive my diploma
- That the credits are tough to transfer over to other 4-year colleges
- That i should've dorned instead of driving 35 minutes to campus everyday.
- At orientation the department teachers should have informed us what books to buy and/or rent.
- That I enrolled right out of high school.
- Na
- nothing
- I wish I knew about this school sooner in life
- After Penn State, I did not receive as much hands-on experience I thought I would get.
- estimated cost of books for each class
- General education classes
- the program was so hard and had high standards.
- Nothing
- other
- nothing
- Everything
- I knew as much as I wanted to know, and haven't really been surprised by anything in particular since I started attending school.
- N/A
- Nothong
- About the amount of credits for my classes
- N/A
- Nothing
- EVERYTHING, SO I WOULDNT HAVE TO GO TO SCHOOL
- Nothing
- How hard the courses are
- Transfer rate
- Biomed forced internship
- That I would have to pay out of pocket to print; most universities and colleges that I've heard of have printing fees already factored into their tuition.
- Nothing
- n/a
- Nothing
- There are no options when it comes to choosing class times.
- how much studying and work I would have to do
- That I would have to travel over 70 miles to get to my internship.
- This might be small but as a student I did not realize how the programs worked. I did not realize that if you drop a class if they don't offer the class you might have to wait a full year.

Johnson College

Assessment Day Survey: Enrollment Services

7 - Why did you choose Johnson College?

Response Rate 79/389 (20.31%)

- They offered the program I was interested in.
- Location
- I liked how everything was hands on and that the classes where small
- I like how small the campus is. The classes are small and the professors are very helpful.
- Close to home, 2 year program
- Only college I applied to.
- Voted one of the best tech schools within driving distance, only two years to graduate
- ECM
- Close to home and offered my preferred major
- I had friends that went through the college and same program and it is only really offered at this college.
- Close to home, affordable, great vet tech program
- Seemed the best for what i would pay for. Best bang for my buck so to speak.
- It offered the program I wanted to be in. I liked the campus
- Because I liked it, it fit my job path
- It had the program I wanted.
- It was close to home and it had what I wanted.
- family has been attending for generations
- I choose Johnson college because of the small campus. I liked the distance it is from my current residence due to it not being to far but not to close giving me a sense of independence from my home. I felt that i would get a more hands on learning experience in my chosen field due to class sizes being smaller. Overall i felt that my education would be better getting a more individualized hands on approach from the professors.
- has my program of interest
- I chose Johnson College for the PTA program, I transferred from Bloomsburg University.
- It was a great fit for me and the PTA program is what I wanted to be in
- It is the only college nearby that has classes in the trade I wish to pursue in.
- Because I wanted to be in the field of electronics.
- My program, the location and how included I felt as soon as I walked in
- Vocational possibilities
- I had heard that its a hands on education that was local.
- I wanted to get into a trade and choosing between the trade schools in NEPA, i knew that Johnson College would have the best academics. Talking to a few students before making my choice, they told me that i would not regret choosing Johnson College. I currently work with plenty of Johnson Alumni and they constantly say it is a very great school to attend.
- Program success rates
- Because of the placement percentage
- Close to home. I like the campus.
- Because of the job placement rate and how good the programs are.
- Na
- trades
- Because of the hands on learning .. I'm a hands on learner
- It is local, easy to get to and the subject matter I wanted to learn more about was offered here.
- good reputation
- Local and affordable.
- It is close to home.
- Only school that had the field I wanted to apply for.
- The reputation, the fairly low tuition, and the employment rate
- bc i like it
- Great job rate
- It was the closest college
- Because of the hands on experience
- It was the closest tech school to me, was reasonably priced, I know people who have graduated from Johnson and spoke well of it, and the CIT program effectively covers what I want to learn.
- I was accepted into the program that I was interested in.
- I choose it because it best fit what im lookong for
- Top veterinary program in the area.
- Because it looked like a very good and promising school with an IT program
- It was a more up to date school with a lot of hands on experience
- Offered the program I was interested in
- Because johnson college have carpentry
- It looked like the right place for me
- for the cabinet building program
- Because it was close to my family. And it had the field of study I wanted.
- hands on experience
- I promised my mom that I would go to school here when I was a little kid. The price point and distance from my home was a big factor as well.

Johnson College

Assessment Day Survey: Enrollment Services

- It was closest
- My good friend George pointed me towards Johnson than i did research and liked what i read.
- Interesting majors and hands on work
- Close to home and the radiology program is good
- It was close and had the program I wanted to major in.
- The only thing available
- time frame to earn a degree and close in distance
- They accepted my grades and liked the teachers
- Great
- I chose Johnson College because I had heard from several people that it was a good program and it was close enough to home that i could commute.
- The job placement rate and the fact that they offered my degree.
- it was close and its hands on
- Wanted to have the opportunity in a trade to succeed in life.
- I wanted a hands on experience and the chance to get hired into the field of my dreams.
- They had the program I wanted with the shortest time.
- Close to home
- I chose Johnson College because I was able to obtain a degree in the architectural drafting field in a timely manner, while also being able to still work.
- The positive reviews of the school and the distance from my home.
- I chose it because of the equipment it has.
- Close to home and heard great things about the institution.
- Cloe to home
- DTT center
