- Never seen them unattended to.
- I was never told of this service and did not know it actually existed. I probably would have used it if I had known it was an option.
- Never found the restrooms in need of service, so I never emailed anyone.

5 - The Facilities department is always trying to improve the campus to better meet the needs of students. What changes would you like to see on campus?

Response Rate
28/433 (6.47%)

- I believe they are doing a great job keeping up with maintaining the facilities now.
- No changes needed
- Hot food being provided to students and on campus housing provided from school
- Providing housing to students who live far away
- As far as changes are concerned, I'm unsure of it as of now.
- Nothing
- I would like to see more water stocked in the vending machines. I have a medical condition where my body can't handle soda or caffeine, so water is my only option, and it is sometimes not stocked.
- None. The campus is very nice and feels safe.
- Labs didn't seem to get cleaned super often like in high areas
- None. I've seen the cleaning lady cleaning after students leave and she does a very good job and is very nice.
- None, I have had no issues with any of the facilities. Keep up the good work!
- If vending machines are counted in this I would like to have one that works and operates correctly for sodas in the building. The machine in the welding area robs you of money almost never accept cards and when it takes dollar bills just gives you quarters back and the arm inside just moves all around and never gives you your drink. It's had it's good days where it worked on occasion but I'd like to be confident I could get a drink during class breaks and not have to stop at a convenient store on my way to class.
- I do not see anything that needs to be done.
- More sign for the halls.
- Honestly, I am good with everything as is.
- The campus has been running well with the new COVID rules. No complaints.
- I think that everything is perfect in that off meeting the needs of what I am looking for in a college. There's adequate space everywhere that's always clean and stocked with whatever is needed.
- The only thing that comes to mind are the stairs like the one leading down to the HVAC building. They're cracked and broken a bit but that's all I can think of.
- Keep it up. They are doing a spectacular job in what they are doing. I appreciate it.
- None that I can think of.
- i would not make any changes
- Better toilet paper
- Better toilet paper dispenser
- The concrete steps from the Woolworth to the Moffat building are in desperate need of repair and have been for many semesters now.
- The staircase outside Weaver Hall leading down to Woolworth Hall are in need of repair.
- N/A
- nothing
- Nothing
