5 - What change would you like to see implemented that would improve student activities at Johnson College?

| Response Rate	5/19 (26.32%)

• More use of the gym, for sports or physical activities

• more activities more involvement

• N/A

• The Radiography technology classes never got the opportunity to attend a lot of activities due to the scheduling and clinic conflict. I've made it a point to bring it to their attention but no action was made , I would have loved to attend events but could not risk missing a day of clinic for it

• A lot of the activities were scheduled when I was in a class, so I was not able to attend. It would be better if they were scheduled at different times.

7 - What has been your most satisfying experience with campus activities, and what has been the most disappointing?

Response Rate	7/19 (36.84%)

• n/a

• I loved the chili cook off event because that was an activity that involved food. No disappointments so far.

• fall fest 2022 most satisfying

• N/A

• Most satisfying: free food, free t-shirts, raffles, volunteer opportunities, getting extra credit for attending career fair Most disappointing: not enough breakfast days

• The most disappointing is that I can't, as a night student, be involved with on campus activities. With being a night student, I work throughout the day and get off of work right before my first class at 4. So, I cannot attend any of the campus activities because they all end at 2:30-3. This is upsetting because I want to be involved, but it isn't possible. It is only possible for day/full time students.

• I have not been to campus activities, the most disappointing thing is that they take place when I am in class.
