ELECTRONIC ENGINEERING TECHNOLOGY

PROGRAM OBJECTIVE

The Electronic Engineering Technology program prepares graduates as entry-level technicians. Students will become proficient in the theoretical and practical applications associated with electronic devices, instrumentation controls, and systems.

READY. SET. WORK.

- Goal 1:** Graduates will be able to troubleshoot electronic circuits and systems using theoretical principles and measured values to resolve operational issues.
- Employ corrective actions to make repair to systems under test.
- Goal 2:** Graduates will demonstrate the ability to communicate with a customer, team member or supervisor in a professional manner to determine the nature of a problem or to explain repairs.
- Goal 3:** Graduates will be able to use hand tools and test equipment in a safe manner.

Applicants are encouraged to arrange a campus visit and a personal information session with a Recruitment Advisor. Appointments may also be made to meet with appropriate faculty and current students.

CAREER OPPORTUNITIES

Graduates work as technicians and sales representatives in the field of electronic instrumentation and computer repair. Typical employers in the electronic career are machine, tool, and instrumentation manufacturers; electronic service companies; communication industries; electronic media; and electronic sales.

PROGRAM COURSES

CREDITS

SEMESTER 1

DC Electricity and Instrumentation	2
DC Electricity and Instrumentation Lab	1
Alternating Current and Passive Devices	2
Alternating Current and Passive Devices Lab	1
Digital Electronics	2
Digital Electronics Lab	2
Computer Aided Design	3
College Algebra I and Trigonometry	3
First-year Experience	1

SEMESTER 2

Introduction to Semiconductors	2
Introduction to Semiconductors Lab	1
Integrated Circuits & Thyristors	2
Integrated Circuits & Thyristors Lab	1
Sensors and Systems in Automation	2
Sensors and Systems in Automation Lab	1
HUM elective	3
College Algebra II and Trigonometry	3

SEMESTER 3

Communication Electronics	2
Communication Electronics Lab	1
Automation and Robotics I	2
Automation and Robotics I Lab	2
Programmable Logic Controllers I	2
Programmable Logic Controllers I Lab	2
Public Speaking	3
Introduction to Business	3

SEMESTER 4

Automation and Robotics II	2
Automation and Robotics II Lab	2
Programmable Logic Controllers II	2
Programmable Logic Controllers II Lab	2
Network Architectures, Principles, and Protocols	2
Network Architectures, Principles, and Protocols Lab	1
Applied Electronics Principles and Applications	2
Applied Electronics Principles and Applications Lab	2
or Internship	4

MINIMUM CREDITS TO GRADUATE

61

This semester layout is based off of a fall start. Students who start in the spring will be required to attend an additional semester to complete their degree.

There may be special admission requirements for this program. Please speak with a Recruitment Advisor by calling 570-702-8856 or visit our website johnson.edu to review our requirements.
