Tool prices can and will vary based on manufacture and quality.

Tools can be purchased locally at Meier Supply, Ferguson, Cooper Electric, R.J. Walker, Galdieri Electrical, Home Depot, Lowes or Amazon. Quality tools may come at a higher price, but often have a much longer life span compared to inexpensive tools.

A digital copy of this list with a weblink example of each tool is available;
please email MChappell@johnson.edu or WWood@johnson.edu to request the **digital BPM tool list**.

Some elective courses have additional tools required. It is the student's responsibility to be prepared for all courses.
